Poissy, 29th January 2009

H.E. Barack Hussein OBAMA
President of the U.S.A.

Mister President,

Your decision to close secret C.I.A. goals, honours you.
Our comrade Bruno BREGUET, a swiss citizen,
was abducted on 11th November 1995 from a ferry-boat
between Italy and Greece, in a special operation
with NATO naval support.

We pray you to have Bruno released.

We were informed unofficially, that Bruno died
accidentally during interrogation at a U.S. base in
the south of Hungary.

If Bruno truly is dead, we need his body back,
so his relatives, friends, and comrades, may mourn
in neutral Switzerland, this hero of the Palestinian
Cause, and his eternal soul join our martyrs in Heaven.

Do not hesitate to have your services contact my
swiss attorney Marcel BOSONNET, and the coordinator
of my defense team, and dearest wife, Maître Isabelle
COUTANT (PEYRE), of the Paris Bar.

To erase the infamy attached to Guantánamo base, do return that occupied territory to its rightful owners, the Cuban people, on this 50th anniversary of their revolution.

I pray God Almighty that one day the peoples of our continent, free at last, may shout with one voice: "God bless our America!"

And as your Luo grand-father would say:

« ALLAHOU AKBAR! »

I remain, Mister President, yours in Revolution,

~~D. ...~~

"Carlos"
